

The Afterlife with Bony Tony

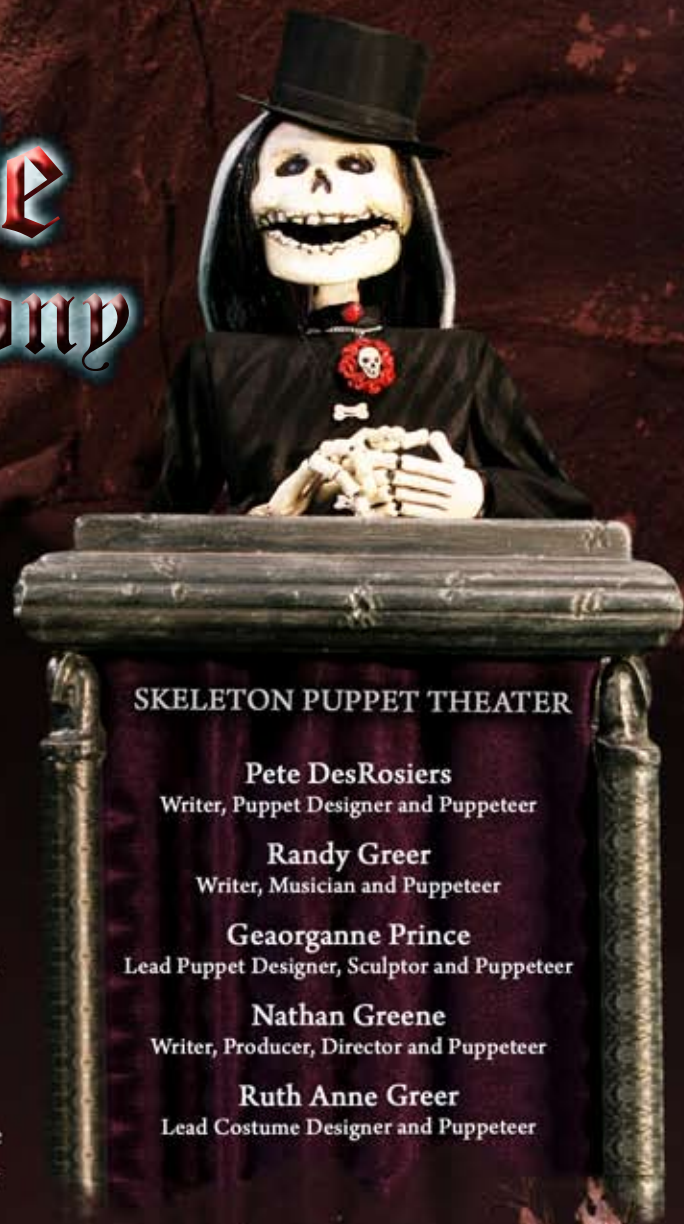

Ever wondered what you would get if you crossed David Letterman with Tales From The Crypt? The Afterlife with Bony Tony of course! The show that everyone is "dying" to see, featuring Bony Tony as host, with guest stars, musical acts and comedy sketches. This is the late night show you always wished for but wasn't able to stay up late enough to see.

Skeleton Puppet Theater (SPT) is an award winning puppet production and effects collaborative featuring a wide array of talent, skill and experience in the multi-disciplined art of puppetry and visual storytelling. Creator's of the classics "Flesh Eating Ghouls From Outer Space" and "Circus of Death", SPT's vision and imaginative worlds delight young and old.

Produced in Hi-definition, the Afterlife features immaculate definition and attention to detail. You have never seen anything like this before! Music and comedy from the catacombs has never been so entertaining.
